Americans Do Excellently in Preliminaries; U. S. Now Has
Total of 199 Points

(By The Associated Press.)

Antwerp, Aug. 22. — Hannes Kolehmainen, representing Finland and holder of several American distance records and championships, today won the seventh Olympic Marathon. He showed wonderful endurance and covered the distance—26 miles, 385 yards—in the remarkable time of two hours and 32 minutes, 35 4-5 seconds, through mud and rain. This broke the old record by more than four minutes. The eight years that had passed since Kolehmainen won three championships at the Stockholm Olympics seemed to have passed lightly over his head and to have increased, rather than diminished, his stamina and speed. Through almost the entire distance, Kolehmainen was closely attended by Charles Gisham, the South African, who ran second in the Marathon in 1912, but he wore him down after a long shoulder-to-shoulder duel well ahead of the rest of the field in the latter part of the great contest. The hard pace was too much for Gisham, who fell back after a game struggle to hold second place, being passed by Lossman, the Estonian, and many of the others with the stadium almost in sight.

Tries to Overhaul Finn.

Lossman made a determined effort to overhaul the Finn leader, but was unable to quite do the trick, although only a few seconds separated them at the end.

Arrive Italy; Breos, Belgium; Tomokoki, Finland, and Sofus, Denmark, the third, fourth, fifth and sixth men to finish and thus win points, came in rapidly, and in exceptionally good condition. The first American to cross the line, Joe Organ, of Pittsburgh, was seventh, less than nine minutes behind the winner.

The race was run in an almost steady downpour of rain and the air was raw and cold. While not particularly prominent in the Marathon, the Americans did excellently earlier in the track races, winning two relay races and taking third and fifth in the discus throw. The four American sprinters, Charles W. Paddock, Los Angeles; J. V. Scholz, University of Missouri; Loren Merckson, New York; and M. M. Kirksey, San Francisco, running in that order in the 400-meter relay, established a new world's record, winning the event in 4 1-5 seconds—two-fifths of a second faster than the time made by the German winners at Stockholm in 1912. Today's points, not including the dedication were: Finland, 21; America, 20; Sweden, 12; France, 8; England, 6; Estonia, 5; Denmark, 3; Belgium, 3; Luxemburg, 1.

The total points thus far scored are: America, 199; Finland, 89; England, 75; Sweden, 75; France, 29; Italy, 26. The other points are scattered, no one of the 12 nations having as much as 20 points.

American Swimmers Break Records.

Duke Kahnamoku, of the American swimming team, today broke his own Olympic record of one minute, two and two-fifths seconds, by three-fourths of a second in the qualifying heat of the 100-meter free-style swim. His time was one minute, one and four-fifths seconds.

In the 100-meter back stroke, four Americans, Kegeris, Los Angeles; Kruger, Honolulu; Kaelahe and McMillan, Illinois; A. C. qualified.

In his heat, Kaelahe, in addition to breaking the Olympic record, smashed the world's record, his time being one minute and 14 seconds. Both Kegeris and Kruger also broke the Olympic record of one minute, 49 and four-fifths seconds.

The United States, England, Belgium, France, South Africa and Sweden qualified for the finals in the 1,500 meter relay team.

Boxing Decisions Displease Americans.

Antwerp, Aug. 22. — Two decisions in the boxing preliminaries which ended after midnight, evoked loud jeers and dissenting cries from the American spectators, which others among the spectators sought to drown with hisses and booing. The uproar continued for several minutes and culminated in virtually all the Americans present walking out. Most of the American spectators were army and navy officers.

The objection of the Americans was voiced over the decision in the bout between E. Hartman, American, and Fred Walker, South Africa. During the first three rounds, Walker was the aggressor, and the Americans were surprised when the bout was declared a draw and an extra round was ordered, at the close of which Walker was declared the winner.

The decision drew from the Americans shouts of dissatisfaction. But the walk-out occurred when Hartman, a Belgian, was awarded the decision over S. Vogel, Paslime A. C. While the Americans were filing out

EIGHT KILLED WHEN TRAIN HITS AUTO BUS

Camden, N. J., Aug. 22. — A Pennsylvania railroad electric train struck an automobile bus containing 15 persons here tonight, killing eight of the occupants of the vehicle and injuring at least four others.

The bus was carrying passengers to Fairview, suburb. It had halted while a steam train passed south, and the driver of the bus, it is said, evidently mistook the waving of a flagman as a signal to proceed and started across the tracks just as an electric train came rushing north. The bus was struck square in the middle. An 18-year old girl and two babies were tossed into the railroad station at the crossing and were dead when picked up. Two men and three women were also killed. The injured were taken to Cooper hospital, where it was said they would recover.

"OUTLAWS" SUE TRAINMEN'S UNION

Ask for Receiver and Accounting
and Distribution of the Brotherhood's Trust Fund

Columbus, Ohio, Aug. 22. — Appointment of a receiver for the Brotherhood of Railroad Trainmen, and an accounting and distribution of the brotherhood's trust fund, estimated at \$10,000,000, is asked in suit filed here yesterday by Benjamin Callahan, head of the Columbus Yardmen's association.

The suit was filed by Callahan as an individual policy holder, but in effect is said to be action on the part of the Chicago Yardmen's association, the insurgent association which precipitated the recent "rump" strike of yardmen.

The petition says there are 145,000 members of the outlaw organization and estimates their share of the trust fund at \$5,000,000. It asserts that all members of the Brotherhood of Railroad Trainmen expelled for participation in the alleged unauthorized strike have been deprived of a share in the trust fund which they helped to create. Personally, Callahan said, he has paid dues of \$2.50 a month for 20 years.

The action was brought in the Franklin county courts here so that personal service could be obtained on Val Fitzpatrick, first vice president of the Brotherhood of Railroad Trainmen, who lives here.

No officials of the brotherhood are named defendants, but service is asked on Fitzpatrick.

In a separate suit against the Brotherhood of Railroad Trainmen, James Fowler, local member, charges that payment of an insurance policy of \$1,600 for total disability, resulting from injury to his eyes March 21, was refused on the grounds that he had been implicated in the strike movement. He asks the full amount of the policy.

11 AMERICANS IN MEXICO KIDNAPPED

Five Reported to Have Been
Freed Later; Ransom Demanded for the Others

Mexico City, Aug. 21. — Eleven Americans and one British subject have been kidnapped by Pedro Zamora, who recently headed an uprising at Audlan, Jalisco state, according to the newspaper Excelsior.

Those captured, according to the report, include Charles Horle, manager of the Esperanza Mining company at El Oro, Mexico state, said to be a nephew of John Hays Hammond; Mrs. Horle; Harry B. Gardiner, superintendent for the Esperanza company; two other Esperanza employees named Culbert and Dietrich, and W. B. Johnson, a British land owner.

Five of the captured persons are reported either to have made their escape or to have been released by the bandit chief because their lack of prominence led him to believe he could not collect ransom for them. Zamora, who has demanded 100,000 pesos for the release of Johnson. It was not learned what figure he placed on the Americans.

American and British diplomatic representatives at Mexico City and the American consul at Guadalajara are trying to effect the release of the prisoners.

At the arena, the American coach, Webb, complained to the judges, who in turn complained to Major Graves, the American boxing representative, for what they termed the insulting remarks of several of the Americans. Major Graves went into the dressing room and criticized Webb for failing to take up the matter through the proper channels. Webb, however, was backed by the entire boxing team. He insisted that his action was justified and Major Graves agreed to protest the Hartman and Vogel matches to the international jury. The scene, which for a time was threatening, was calmed, and the program was continued with F. DeGenero, an American, outpointing a Frenchman, which made the thirteenth American win out of 17 bouts in the preliminaries.

Bolshevik Attempt to Retake
Brest-Litovsk Fails; 35,000
Reds Now in Bag

(By the Associated Press.)

Warsaw Aug. 22. — A war office communication issued today reports Polish successes on all parts of the battle front, excepting on the extreme right, where General Budenny's detachments have crossed the Dniester river and the Red advance guards have reached the Stripa on the south of Lemberg. Fighting is reported northeast and east of Lemberg. Budenny is using cavalry and cutting off of Warsaw and Danzig, are against Lemberg. At several points Reds have been repelled.

On the northwest front, according to the communication, the Reds, who designed the capture of Thorn and the cutting off of Warsaw and Danzig, are reported to have suffered tremendous losses and to be endeavoring to escape along the Prussian border in the face of the Polish drive which is clearing Poland of Reds all through the northwest.

More than 10,000 prisoners were captured on this front Friday. Advances northeast of Warsaw are announced. The Poles have reached Ostrow, Czyszow and Bransk. At Mietyrzyzko, 400 Cossacks surrendered.

Attempt to Retake Brest-Litovsk

The Bolsheviks have attempted to retake Brest-Litovsk but were repulsed. In the region of Dubienka, where the Poles pushed the Reds across the Bug, the communication says that on the Bolshevik side was a Jewish volunteer detachment from Wladawa. The Poles have captured Hrubieszow, which was taken after an hour's hand-to-hand fighting in the streets of the village. The Poles are still holding Hrubieszow notwithstanding the efforts of the Bolsheviks to recapture it.

Military authorities announced today that the Poles had captured 35,000 prisoners to date in their counter attacks against the Bolsheviks. Many guns, thousands of rifles, hundreds of machine guns and munition carts, and a great number of horses, also have fallen into their hands. Thousands of Reds are thought to be cut off in the forests, awaiting an opportunity to surrender.

Among the 300 Bolsheviks killed in the fighting at Mlawka were found, it is claimed, a German officer and several German soldiers.

Bolshevik Appeal for Help.

Warsaw, Friday, Aug. 20. — The Bolshevik armies northwest of Warsaw, between the Vistula and Prussia, are sending wireless appeals for help. Whether the troops realize that the Polish northern drive threatens their communications is uncertain from the intercepted messages, which repeatedly have asked Bolshevik headquarters for ammunition and supplies.

The Bolshevik wireless apparently is not functioning properly as headquarters repeatedly has requested information concerning the location of these troops, the rear of which is endangered by the Polish advances.

The vanguard of this Red army has reached points about 100 kilometers south of Danzig, in which is known as "the corridor," and so near the Camp Grappe region around Groudenz that the French officers advised the American typists expedition to move to Danzig. This the Americans did.

The American consulate, which moved from Warsaw to Groudenz when Warsaw was threatened, also has proceeded to Danzig on the advice of the French.

Paris, Aug. 22. — Sir Reginald T. Tower, high commissioner of the league of nations at Danzig, has requested the Allied nations to supply him with 20,000 troops before he will feel justified in permitting the unloading of munitions intended for Poland now being held up at Danzig, according to the ministry of foreign affairs.

It is the belief of the French government that an additional 5,000 troops will be the maximum required by Sir Reginald, as there are already 2,000 there and extremists among the population are not numerous.

The foreign office announced the arrival of the gunboat Accra at Danzig, where she will arrange for the unloading of munitions being taken there by a French cruiser.

Center on Polish Situation.

London, Aug. 22. — A dispatch to the London Times from Luzerne, Switzerland, says David Lloyd George, the prime minister of Great Britain, and Premier Giolitti of Italy had two conferences Sunday. They discussed the Polish situation, especially concerning Danzig, the drastic situation, and Italy's reply to the American note. The dispatch adds that the conference will be resumed Monday.

PLAN TO DELAY EQUAL SUFFRAGE

Antis Secure Injunction Which
They Predict Will Nullify
Tennessee's Action

GOVERNOR TO FIGHT

Will Bring to Bear All Powers of
Office to See That Ratification Is Certified

(By the Associated Press.)

Nashville, Tenn., Aug. 22. — From the snarl of legal and legislative technicalities that have enmeshed Tennessee's ratification of the federal suffrage amendment, tonight came the prediction of the Tennessee Constitutional league that the injunction against certification of the ratification obtained yesterday, would prevent enfranchisement of the women of the nation for at least a year and a half. The Constitutional league, which has been fighting ratification in Tennessee on the ground that the state constitution prohibited the present legislature from acting on the suffrage amendment and which claims to include both suffrage opponents and advocates in its membership, made its prediction in a message addressed to the governors of Vermont, Connecticut, Florida, Alabama, Louisiana, Delaware and South Carolina. The league's message declared Tennessee had not ratified suffrage and served notice that any state official who attempted certification would be attacked for contempt of court under the injunction which the league announced would if necessary be carried to the supreme court of the United States. Suffrage advocates, however, continued to characterize the situation as satisfactory.

Antis Flee the State.

The 30 or more anti-suffrage members of the house who went to Decatur, Ala., early yesterday in order to prevent a quorum, still were in Alabama today, and, according to reports received here, were determined to remain there at least during the next few days. Being outside the state they cannot be arrested and compelled to attend sessions of the house.

Suffrage advocates who participated in yesterday's coup in the house asserted today that action on the Walker reconsideration motion would be upheld inasmuch as state constitutional provisions did not apply, as the house was acting as an agent of the federal government.

No date had been fixed tonight for the hearing of the temporary writ of injunction issued yesterday by Judge Langford, restraining the governor, the secretary of state, and the speakers of the senate and house, from certifying ratification to the secretary of state at Washington.

Governor Roberts, in a formal statement tonight, declared he had been informed by State Attorney General Thompson that the action of the two houses of the legislature constitutes a ratification of the amendment and consequently he would countenance no act intended to nullify the ratification and the will of the majority by the minority "either by flight and abandonment of official duty upon the part of the members, or otherwise."

TRAINING SCHOOL CLOSED BECAUSE BOYS ALL ESCAPE

Peekskill, Aug. 22. — Because of a large number of recent escapes, the New York Training School for Boys at Yorktown will be closed, it was announced today. The institution will be turned over to the Mohawk State Hospital commission, which, four years ago, placed it at the disposal of the State Reformatory board.

Hugh White, deputy superintendent of the school, said that at least 25 percent of the inmates have made good their escapes, because there are no walls or other enclosures about the place. The boys, who range from 17 to 21 years, serve maximum sentences of 15 months.

CHINESE PROVINCES BATTLE.

Amoy, China, Saturday, Aug. 21. — Hostilities continue between the provinces of Fukien, supporting the militaristic Anfu group, which recently lost power in China, and Kwangtung, which is loyal to the Peking government.

Fukien forces are reported to have advanced from Choon and captured Amoy. No details of the action, however, have been received. Another wing of their army is said to be advancing from Telupshien down the Han river with Chaochuwin and Swatow as its objective.

BIG OIL COMPANIES MERGE.

New York, Aug. 22. — Official announcement of the conclusion of negotiations for the merger of the International Petroleum Company, Ltd., a subsidiary of the Standard Oil company of New Jersey, and the Tropical Oil company, controlled by the Benedict-Trees-Treat-Crawford interests of Pittsburgh, a deal involving approximately \$100,000,000, was made today.

COX CHARGE IS "RIDICULOUS"

Report That Republican Fund Totals Fifteen Millions Absolutely
Untrue, Harding Says

HARD TO GET ENOUGH

Nominee Welcomes Proof of Opponent's Assertions — Cox
Seeks Information of Hays

(By the Associated Press.)

Marion, Ohio, Aug. 22. — Governor Cox's charge of a Republican campaign fund of \$15,000,000 was characterized by Senator Harding today as "absolutely untrue" and "perfectly ridiculous."

Declaring he seconded cordially the challenge of Republican National Chairman Hays to the Democratic nominee to produce evidence of excessive Republican contributions, Mr. Harding said he was not fearful of the results of any investigation of the party's treasury.

"We court the fullest understanding of our funds, in every respect," said the Republican nominee in commenting on Governor Cox's speech of yesterday. "Not only are statements of excessive expenditures absolutely untrue, but as a matter of fact we are having difficulty in producing the funds we legitimately require to conduct the campaign as it should be conducted. Stories of a \$15,000,000 fund are perfectly ridiculous."

Campaign Expenses Necessarily High.

Senator Harding added that the wave of advancing costs and the enfranchisement of women had raised the legitimate financial requirements of a national campaign, but he declared his party's money chest contained "nothing like" the total named by his Democratic opponent. Asked whether any of the money raised by the national committee before the Chicago convention would be used in the campaign, he said it all had been expended by convention time and that in making its arrangements at Chicago the party treasury had been compelled to borrow "something like a quarter of a million dollars."

The senator's attention also was called to Governor Cox's charges that the \$1,000 limit fixed by the Republican managers had been evaded by "dummy" contributions. The Republican nominee again declared he would welcome any proof of the assertion and when he was asked whether the party would return money found to have been given through "dummy" contributors, he replied:

"I think that is rather a far-fetched hypothesis."

In discussing the added expense of carrying the campaign to the newly-enfranchised women, the candidate said his party would not change its campaign machinery materially on that account. Personally, he said he expected to make "no particular appeal for the votes of the women."

To Make No Distinction.

"I do not believe," said Senator Harding, "in making a distinction by appealing to either sex or to any class as such. My campaign will be directed to the citizenry of the United States, and I take the view that women come into the citizenry on the same basis as men."

The nominee declared he did not expect enfranchisement of women to "change the political complexion of any state," adding that experience in the suffrage states had shown the wisdom of his opinion.

Senator Harding did not say whether in any of his four speeches during the coming week, he would make a formal reply to the charges of the Democratic nominee. He suggested, however, that he considered the next move should come from Governor Cox in reply to the challenge for proof of his assertions.

Cox Asks Hays for Further Information on G. O. P. Fund

Dayton, Ohio, Aug. 22. — A request on Will H. Hays, chairman of the Republican National committee, for information regarding Republican campaign funds, was made tonight by Governor Cox, Democratic Presidential candidate, who came here today from Columbus.

Governor Cox declared that Mr. Hays' statement yesterday regarding Republican funds was not a reply to the governor's charges that the Republicans were raising a fund of \$15,000,000.

"I was very much gratified," said Governor Cox, "that Mr. Hays made this response, but as I read his statement it's no denial. He says the preliminary estimate is \$3,000,000. That does not mean anything. I want Mr. Hays to tell us into how many subdivisions the country was divided by the Republican managers. I want him to tell us how many subdivisions there are and what territories each covers, and incidentally I want him to tell what the quota was that was imposed on each district."

"Why Not Have It Now?"

He has spoken publicly often about these quotas and the public is entitled to this information. The senate investigation committee will insist on it, and why not have it now?"

In addition to his statement tonight, Governor Cox said that in his speeches

MARSHAL FOCH PROMISES HE WILL VISIT AMERICA

Metz, France, Aug. 22. — Marshal Foch will visit the United States when the European situation permits him to take a vacation of the required length. The marshal made this statement to Supreme Knight James A. Flaherty, of the American Knights of Columbus, at the banquet last night at which covers were laid for 1,000, after Mr. Flaherty had extended a formal invitation to the marshal on behalf of the knights.

ASSASSINS ACTIVE

Organized Onslaughts Against
Irish Constabulary Result in
Seven New Killings

(By the Associated Press.)

Belfast, Aug. 22. — Rioting is in progress in Lisburn as a result of the assassination today of Inspector Swansey. An attempt was made to wreck the shop of a Sinn Fein leader within 40 yards of the scene of the crime, and only intervention by Ulster volunteers prevented it.

The crowd then attacked the residence of a Nationalist Republican who fled from a window. His assailants looted the fire and wounded him.

The crowds were out to burn the house of every Nationalist in Lisburn. Boards were taken from windows that previously had been smashed and fire raiders entered buildings calmly to complete their destruction. The local fire brigade declined to interfere and the Belfast brigade showed reluctance to respond to calls, as 700 men from Lisburn travel daily to Belfast to work in shipyards. A renewal of trouble here is feared.

Last night large crowds assembled outside the Cork jail and prayed for the hunger strikers there. Special prayers and masses for the men were offered in all Catholic churches of Cork today.

Swansey Victim of Assassins.

Police Inspector Swansey, against whom a verdict of wilful murder was given by a coroner's jury in connection with the assassination of Mayor MacCurtain in March was shot dead while proceeding to his home from church at Lisburn, to which town he had been transferred after the finding of the coroner's jury.

The killing of Inspector Swansey was among the most daring of a long series. The congregations were leaving all the Protestant churches at the time and converging on the scene of the shooting. The officer had been with his mother and sister at services at Christ church and had reached the corner of Railway street, where he resided.

Here three men, armed with rifles, confronted Swansey and fired on him in the presence of his horrified family. Swansey fell, but to make doubly sure, the assassins discharged their weapons again into his body.

Turning, the assassins ran along Castle street. The congregation was emerging from Lisburn cathedral. Captain Woods, commandant of the Lisburn branch of the Ulster volunteers, made a dash for the assassins, although only armed with a stick. The assassins fired on Woods, a bullet shattering the stick in his hand. He was not injured.

The murderers then fired at other persons who had joined the pursuit, but without effect, and jumped into a waiting taxicab and drove off toward Belfast. All the roads converging on the city were promptly patrolled by police and military, but the assassins escaped.

Organized Move Against Police.

Official telegrams received at Dublin Castle today indicate that there have been organized onslaughts against the Irish constabulary and that thus far during the week-end seven have been killed.

A patrol sergeant and three men at Dundalk were suddenly confronted by six armed men, who fired. Constable Brennan fell dead and Constables Isbell and Witherden, recruited from the English army, were badly wounded. Sergeant Mannell was shot dead last night at McCooms, County Cork. A police patrol was ambushed near Naas, County Kildare, Saturday night. A constable was killed and a sergeant seriously wounded, and two constables are missing.

Constable O'Hanlon was shot dead at Kilrush.

May Release Hunger Strikers.

Dublin, Aug. 22. — The physician of the Cork jail has recommended the release of the men under arrest there who are on a hunger strike.

It is reported here to be extremely probable that Lord Mayor McSweney of Cork, who is in Brixton jail, London, on a hunger strike, is to be released. Should he be allowed to die in prison, Ireland is threatened with a general strike, unprecedented demonstrations and further extension of the boycott. The plans for all these have been arranged.

The question of a general strike is in the hands of the labor party. The boycott even now is being extended beyond the police and military to the civil employees of the British government.

The latest victims of the boycott in bringing this war to an end, are members of the late John Redmond's family, owing to the fact that Martin Green, husband of Redmond's daughter, holds a position as chairman of the Irish prisons committee.

Hotels catering to the tourist trade are receiving letters demanding that they refuse to shelter "enemies of Ireland." The proprietors of the famous Wooden Bridge hotel in the Wicklow mountains received such a letter, but refused to recognize the demand unless it bore the stamp of the "Irish republic."

GERMAN WARSHIPS IN BAD CONDITION

Won't Tour U. S. Seacoast as
Planned; Victims of Deliberate
Vandalism of Crews

Washington, Aug. 22. — Owing to the deliberate damage wrought by the crews to the engines and other vital parts of the five ex-German warships recently brought to this country under the peace treaty allocation, necessitating extensive repairs to make them possible of operation none of the vessels will be sent on an exhibition tour of coastal cities as the navy department had hoped to do.

In making this announcement today, the department included a statement by Captain Hellweg, commanding officer of the convoy which brought the former German warships to America, asserting that even the dreadnaught Ostfriesland, the only one of the five ships capable of making the trip under her own power, was in such condition on arrival at New York that it would be hazardous to send her to sea again. Captain Hellweg attributed the condition of the ships, the other four of which, the cruiser Frankfurt and three destroyers, were submerged at Scapa Flow, to "deliberate vandalism" on the part of their former German crews.

"The gutted condition in which we found these vessels on taking them over cannot be exaggerated," he said. "What had not been stolen was wrecked. The vandalism indicated a very careful preparation and the usual thoroughness of the Germans in execution."

Expressing the belief that the Ostfriesland had been systematically looted while in a German dock yard for a year after her surrender had been called for Captain Hellweg also declared the presence of an unnecessarily large crew aboard when the dreadnaught was brought to Rosyth, Scotland, indicating in the light of developments that the crew was sent with a view to looting everything possible en route."

EGYPTIAN INDEPENDENCE IS TO BE RECOGNIZED

London, Aug. 22. — The London Times says this morning it understands that Great Britain has agreed to recognize the independence of Egypt.

The decision, according to the Times, resulted from recent conversations here between Viscount Milner's mission, which recently visited Egypt, and an Egyptian delegation headed by Said Zagloul Pasha, former minister of justice.

late this week he would deal further with the question of Republican financial conditions. He has promised evidence to support his charges that \$15,000,000 was the Republican "war mark, with the sky apparently the limit."

The governor today received a telegram from Senator Reed, Democrat, of Missouri, chairman of the senate investigating committee, saying the committee would resume its inquiry tomorrow at Chicago and that everything essential would be given "careful and thorough" investigation.

That "a great deal of money is to be expended outside of the Republican National committee" fund was stated by Governor Cox in commenting on New York newspaper reports of subscriptions to an alleged history by William Barnes Jr., New York Republican leader.

Urges Better Crop Movement.

Governor Cox also made public tonight a telegram sent to W. P. G. Harding, governor of the Federal Reserve board at Washington, requesting that steps be taken to aid in moving the crops.

A statement made tonight by the governor, commenting on his reception last week, said:

"The most striking thing is the large representation of young men. I think the war has established idealism in the new generation. I think they're interested in government and especially in bringing this war to an end, and that's the moral vision has widened and Redmond's family, owing to the fact that Martin Green, husband of Redmond's daughter, holds a position as chairman of the Irish prisons committee."

The governor's statement also said that he was not making a partisan use of the league of nations.

"We're making our fight," he said, "on what we believe to be a righteous movement, world-wide in its possibilities for good. I believe the rank and file of the Republicans are opposed to the senate oligarchy."

UNADILLA VICTORIOUS.

Town Team Trims Oneonta Wanderers by 7-2 Score

Unadilla, Aug. 22.—The town team added another victory to their winning streak Thursday when they beat the Wanderers from Oneonta. The game was one of the cleanest played on the home diamond this year and although Fletcher, the Unadilla pitcher, only let eight Wanderers get on

bases, they did not lose their goat but showed us what good clean sports they were. Tarbox scored twice for the Wanderers, while Day, Helm, Fletcher, Stearns, and Loomis scored for Unadilla.

RUSSIAN WOMEN MUST WED

Immediate Divorce Decreed for Women Married Four Years and Still Childless.

Moscow.—Russia is again resorting to compulsory marriages and love colonies in order to increase the dwindling population. The latest edict of the soviet orders all women between the ages of eighteen and forty-five to marry immediately, notifying the soviet of the name of the husband while they are assured that if they are unable to decide, the communists of their district will provide a list of suitable husbands.

The same decree contains a clause providing for the immediate divorce of women who have been married more than four years without adding to the population. They will be summoned to the central communistic branches and introduced to bachelors who are willing to prove their patriotism.

The communistic leaders offer to take care of the education of all children more than three years old. Many Russian maidens are said to be fleeing the country in order to avoid the wholesale marriage order. Several have married only to leave their husbands immediately after the ceremony. The soviet officials announce that the order controlling the family life in Russia will be rigidly carried out.

KITES USED TO FERRY MEN

Tahitians Journeys by Air Long Before Invention of Flying Machines.

Papeete Tahiti.—Natives of Tahiti used bir kites for airplanes long before flying machines were invented, according to native traditions. On a cliff at Talarapa in Tahiti there is a projecting rock marked round about with deep worn grooves. This point is on a peninsula separated from the main island by a wide bay. Here, it is said, the old natives were accustomed, when the wind was in the right direction, to fly enormous kites, attaching the ropes to the projecting rock—kites large enough to support a man, and often on favorable days a man would, by using the kite as an airplane and then as a parachute, accomplish safely the journey across the bay.

Chopsticks Easy to Manipulate.

It is easy to learn to use chopsticks. Penholders or pencils make perfect substitutes for practice. All that is necessary is to remember that the sticks are in effect extensions of the fore and second fingers, and to begin with short-length reaches and as practice makes perfect extend them gradually to their full length. Baked beans are good to begin with, and from these in very short time the novice will pass on to a neat ball, pick it up and "swash" it in soup or sugar as one to the manner born.—Exchange.

Alas, So Can We!

"Have you seen that marvelous mental calculator work?"
"Ruh! I can do some stunts along that line myself."
"You can? What, for example?"
"I can tell exactly how much money I will have left from my salary at the end of next month."
"Oh, it wouldn't be possible to calculate every cent of your expenses that far ahead?"
"Don't need to to tell just how much I'll have left."

It Did.

"My dear sir," said the salesman, courteously, as he handed his customer's package and no change. "You will find that your suit will wear like iron."

And sure enough it did. The man hadn't worn it two months when it began to look rusty.—New York Central Magazine.

SAYS ANTHRAX IS NOT FATAL

Importance of Early Treatment Is Emphasized by New York Specialist.

SERUM CURES 100 PER CENT

Inspection of Hides and Furs Under Government Regulation Is Urged by Doctor—Cure Takes About Ten Days.

New York.—Dr. Douglas Symmers, director of the pathological laboratories of Bellevue and allied hospitals, said that the case of Frederick H. Post, publisher, who was discharged as cured of anthrax from Bellevue, was most important in that it may emphasize that anthrax is not a "fatal" disease.

"Mr. Post's case was diagnosed in time," Doctor Symmers said. "That is the most important thing. Get an anthrax case early enough and a cure is practically certain. This is the fifth case to be cured in Bellevue with the serum prepared by the United States department of animal industry."

"I would like to make it as emphatic as possible in this connection that use in newspapers of the phrase 'deadly anthrax' has a bad effect not only on the public generally but on any patient that may be under treatment. You see a sufferer from anthrax is fully conscious throughout the disease. He is just as clear mentally as any one up to perhaps the last hour. If it chances to be a case that was not taken in time and cannot be cured. That is a peculiarity of anthrax."

Bad for Morale.

"Now, in Mr. Post's case, he was feeling in excellent spirits, and he wanted the newspapers. There was no reasonable excuse for not giving them to him. When he got them he read about 'deadly anthrax' and that it wouldn't be known for ten days whether he would live or not, and it wasn't particularly good medicine for his morale. Mr. Post, it happened, was a man of fine courage, high intelligence and rare gameness. He was a splendid patient, so reading about the mythical deadliness of anthrax in the newspaper accounts didn't have as bad an effect on him as it might."

"But there are other patients suffering from anthrax here and there about the country, and the chances are there will be more in Bellevue. The public should be educated as to what the disease really is."

"Anthrax, at the outset, is manifested by a characteristic lesion at the point of inoculation. This usually is on the face, as in Mr. Post's case. It looks like an ordinary pimple, red and itching. Within a day or so the pimple breaks down into a large, blackish ulcer surrounded by an enormous but painless swelling."

"That one pimple and swelling is all the visible sign there may be of the disease. But if the swelling is on the cheek, as in Mr. Post's case, it may be enormous, closing the eye."

"Now, if the disease is taken right there, a cure is practically certain. No one with any such symptoms should wait an instant. Any one who has seen the characteristic lesion of anthrax could not fail to identify it instantly across a room."

Serum Is Effective.

"At Bellevue the percentage of cures with the government serum is 100 per cent. Of the 20 cases treated in the last three years seven have died. But the last five, which are the only ones in which the serum has been used, have been cured."

"The disease is caused by a large, spore-forming bacillus, very resistant to all forms of disinfection. It yields most readily to steam under pressure. The probability is that Mr. Post was infected by a shaving brush. Proper disinfection of the brush would have ruined it."

"Disinfection of hides and furs for anthrax should be a matter of government regulation," said Dr. Charles Norris, chief medical examiner, who had listened to the discussion. "It is very nearly impossible to disinfect without destroying the object disinfected. I know of only one process and it is a long one. About the only thing I can see for any one to do at the present time is to make a chance—and if he contracts anthrax get proper treatment with the serum immediately. It is easy to cure it if it is diagnosed in time."

"There aren't enough cases to alarm any one," Doctor Symmers said. "But it creeps up here and there all over the country, and the newspapers call it 'deadly' and every one gets worried. Mr. Post came to the hospital on the fourth day of the disease, and he was in time. The earlier the better, however. Where it gets dangerous is when the infection gets into the blood. The cure takes about ten days."

Doctor Symmers said that the anthrax bacillus first was discovered in 1878. It really is cultivated in a laboratory, he added.

All the World Loves a Lover.

Margerville, Ky.—A huc baked the murder trial of John Schumaker being held here. Two cooling lovers from the country were spectators. The young man, thinking every one was interested in the trial, drew the girl to him and hugged her. The court took notice and the crowd laughed. Judge Newell ordered a deputy to escort the lovers from the courtroom.

STEAMSHIP SETS RECORD.

The extraordinary development of airplanes during the last decade has caused the world to look forward confidently to crossing the ocean comfortably, safely and cheaply at a speed of more than one hundred miles an hour. The progress that has been made in aviation warrants the prediction that trans-Atlantic flights will become commonplace before a great many years have passed.

It is gratifying to note, however, that while we are waiting for the perfecting of aircraft, we are not neglecting improvement of the carriers on which we are at present dependent for journeys to Europe. The new record established by the steamship Aquitania, which has just completed a voyage across the Atlantic with a speed toward the close of 31 miles an hour, is a reminder of the power that has been developed in marine engines. To drive an enormous vessel like the Aquitania through the water at a speed exceeding half a mile a minute is no small accomplishment.

PUBLIC OPINION.

Reading the biography of someone who did something to attain unusual prominence, one often finds the statement that the subject of the work "had meant to be the subject of the highest kind and usually is so regarded by the reader. It implies that the person had convictions of his own and was courageous enough to act on them.

It is a fact, however, that there is a good deal of prejudice and stubbornness to be found in the natures of some very able men. Such as they have gone up the ladder not because of these characteristics, but in spite of them. The truly great person has no temptation to keep his ear to the ground or to be tossed about by every trivial breeze of impulsive clamoring. But he does have a deeply-rooted respect for the thoughts of his fellow men. And he takes serious account of public opinion, because he knows that in the long run it is usually right.

ATTENTION TO HEADLIGHTS.

Police Get After Motorists Driving with Only One Burning.

Several recent motor car accidents, though none of a serious nature, have been attributed to the fact that only one headlight was burning at the time, rendering it impossible for motorists meeting such a car at night to tell whether it was a motor car or a motorcycle, the local police department has been instructed to give closer attention to the matter.

On Saturday evening a search for cars with but one light burning was made about the city by members of the department and the owners of four cars were summoned before the city judge. They made various excuses, some of them declaring that the second light had gone bad while they were out. Two of them were fined and two were given suspended sentences.

It is also stated that the state troopers have been warned to be on the outlook for all cars having but one light burning and to see that the law is enforced. Motorists should take warning and see that the lighting system on their cars is in good condition and not likely to cause them trouble.

Otsego Guernseys in Demand.

L. L. Coggeshall of Locke, a leading breeder of Guernsey cattle, recently visited Otsego county and purchased for his herd three fine thoroughbred cows, each one of which was brought as a calf to the county in 1915 by the Farm bureau and sold to members of the County Guernsey club as a calf for \$150. They are Her Majesty of Maple Glen, bought with her calf of L. A. Brown of Pleasant Brook for \$500; Highland Mary of Maple Glen, for \$700, from the Ringwood farm of Springfield Center, and Peacock of Maple Glen, also purchased at a substantial figure from Ceylon Fern of Fry Creek. The cows were all sired by Fordham Laddie, a bull which Mr. Coggeshall sold at public auction for \$5,500.

A Banner Cow of Otsego.

The July report of Guy L. Chase, agent for the Otsego Dairy Improvement association, shows that Frances Cornucopia Grace, a five-year-old cow owned by Frank Potter of West Oneonta, maintains her foremost standing alike for production of milk and butter among the cows of the association. Her record for the month was 1,622 pounds of milk, yielding 62 pounds of butter fat. Mr. Potter has two other cows which rank high in the roll of honor, their rank being third and sixth respectively.

Will Leave for California.

C. H. Elford and family, who for some time have been visiting at the home of the former's uncle, C. P. VanWoert, of this city, leave Wednesday for California, where they will spend the coming winter and may decide permanently to remain. Mr. Elford, who was formerly a well-known resident of Unadilla, recently sold his farm in that township.

COMMUNITY DAY PICNIC

NEARLY 400 PRESENT AT OUTING HELD SATURDAY AT GOOD-YEAR LAKE.

Addresses by State Senator Brown and Farm Bureau Agent VanSchoik. Among Features of the Day—Many Participate in Athletic Events.

On Saturday afternoon, the people of Portlandville held a community day picnic in the grove at Good-Year lake, commencing at 11 o'clock and continuing throughout the afternoon. Nearly 400 were present from Portlandville, Oneonta, Colliers, Milford and other nearby towns and villages. An excellent program of speeches by well known and prominent men of the state, amusements for the children, a ball game in the afternoon between Colliers and Portlandville, and ideal summer weather all combined toward making the day a success and it was the unanimous opinion of those present that the picnic should be made an annual event. At 11 o'clock a large number had arrived and a tasty luncheon was served in the grove at noon. Shortly after the afternoon's program commenced with brief remarks by the Rev. W. E. Elwood, pastor of the Portlandville Methodist church, and the necessity for community cooperation, after which he introduced D. W. McLaurie of Portlandville, director of the Bureau of Animal Industry. Mr. McLaurie gave a very interesting and practical talk on the work of the Bureau and its application to farm production.

State Senator Adon P. Brown of Leonardsville delivered a timely and comprehensive discussion on the dangers of Bolshevism and the various doctrines of Socialism prevalent at the present time. He emphasized the necessity of standing together and supporting the ideals of Americanism, stating that good citizenship is one of the principal factors in combating these evils.

R. H. VanSchoik, County Farm Bureau agent, outlined the work of the Farm Bureau, describing the successful endeavors of the organization in this county, after which George E. Hogue of Albany, commissioner of agriculture, gave interesting details of the work of the commission, what they have accomplished and what they hope to do.

At the conclusion of the address by Mr. VanSchoik, those of the audience who were interested in the ball game were invited to seek an adjoining field while the remainder witnessed a practical demonstration on the subject of poultry, feeding, selection, etc., given by Mr. Andrews, a specialist from the department of poultry husbandry of the state college at Ithaca.

The athletic events, which were enjoyed by all, especially the children, were held under the auspices of Ralph Q. Smith, Junior Extension agent of the Otsego County Farm Bureau, assisted by Guy McLaurie of Portlandville. Much interest was manifested in the nine-inning ball game between Colliers and Portlandville, which started at 4 o'clock. Portlandville was awarded the laurels with a score of 14 to 4 at the conclusion of a well played game.

It is hoped and expected that the community day picnic will be held annually hereafter, probably at the same place which offers excellent facilities for that purpose.

INCREASED ELECTRICITY RATES

Soon Operative at Unadilla, Sidney, Bainbridge and Walton.

The Standard Lash, Heat and Power company proposes on Sept. 17, in Bainbridge, Sidney and Unadilla, to increase its block rates for electric service, lighting, power or any other service, 2 cents a kilowatt hour. These rates are available to all consumers. New rates are—first 25 kilowatt hours, 15 cents a kilowatt hour; next 2, 15 cents; next 450, 12 cents; and all over 500 kilowatt hours a month, 10 cents a kilowatt hour. Changes are also to be made in power rates.

The Southern New York Power company on Sept. 25 in Walton, town and village, will increase its rates for electric service, block rates for metered current for lighting power and cooking, one cent a kilowatt hour. Other changes are proposed for power service, and a new classification will be established covering demands for combined lighting and power.

Application Blanks for Athletic Meet.

A number of application blanks for the track meet to be held next Saturday at Johnson Field, Johnson City, by the Binghamton Industrial Athletic association, have been received at the Star Office where they may be secured by any amateurs in Oneonta and vicinity who are desirous of entering the meet. The contests in which anyone may participate are the 100-yard dash, 220-yard dash, one-half mile race, one-mile race, running broad jump, running high jump, pole vault and shot-put. There are several other events on the program, but they are only for Binghamtonians. Silver and bronze medals will be awarded for first second and third places in the open events.

The local Y. M. C. A. also has application blanks ready for distribution to amateur athletes. Call at either one of the two places mentioned above if you are planning to enter next Saturday's meet.

LONG-TIME RESIDENT OF CITY

Luzern Westcott, Well-Known Business Man and Respected Citizen, Dies Early Saturday Morning.

Luzern Westcott, a native of the town of Milford for forty-three years a universally respected resident of the city of Oneonta, died at half past one o'clock Saturday morning, August 25, after an illness of several months' duration, which, however, had not been of a critical nature until about three weeks before. On Thursday, July 29, at was noted in The Star of the following day, Mr. and Mrs. Westcott celebrated the fifth anniversary of their marriage. Surrounded by children and grandchildren, the day was spent very pleasantly, and Mr. Westcott himself rallied to a notable degree from his illness, and was exceptionally active and cheerful. The day was one toward which he had looked forward eagerly, and it seemed that it was in train the culmination of his dream. A day or two later his condition became more serious, and he faded gradually for three weeks, when, surrounded by his wife and family, who gave devoted attention during his entire illness, he died, as above stated, on Saturday morning.

Mr. Westcott was born March 5, 1843, on the homestead farm at Milford Center, and was a son of Reuben and Wealthy Westcott, the family being one of the earliest to settle in Milford township. When but 15 years of age he went to Watertown and engaged in the egg business. The following year he was married to Miss Charlotte Ball of that city, and returned to the homestead farm in Milford. His first wife dying in 1868, he was married two years later to Miss Emma Hubbard, with whom more than half a century of happy wedded life was spent. Mr. Westcott moved to Oneonta in 1877 and was for several years employed in the hop business by George I. Wilber, an occupation in which he was engaged for practically all his life thereafter. He was an excellent salesman and a remarkable judge of hops. He was for several years a member of the firm of M. & L. Westcott, and after the death of Monroe Westcott carried on the business alone. Afterwards he was in the employ of Kenyon & Saxton, F. D. Miller and Smith & Capron, but for the last year and a half he had been with the wholesale firm of Morris Brothers.

This work, however, by no means limited his activities. Associated with M. Westcott he built the Westcott block, then the largest commercial structure in Oneonta, in 1882, and he also dealt largely in Oneonta real estate, building many houses in the city. With Eugene Rose he founded the first ice business in Oneonta, a business which, under the name of the Oneonta Ice company, still remains in the family of his descendants. He was an energetic business man of real ability, and his advice was often sought and given.

Mr. Westcott is survived by his second wife, above named, and by six children—Mrs. Helen Crandall, Mrs. Minnie Lunn, Mrs. Mary Denton and Reuben H. Westcott of this city; Arthur L. Westcott of New York and Mrs. Charles H. Clark of Bainbridge. The two first named are children of his earlier marriage. Also he leaves six great grandchildren—Luzern W. Crandall, Alice E. Wendall and Herbert Denton. Mrs. Charlotte Wyckoff and William Lunn. He was a member for forty-five years of the Baptist church, with which he united at Milford Center. On removal to Oneonta Mr. and Mrs. Westcott transferred their membership to the First Baptist church of this city, of which he was a trustee for twenty years. He was always actively interested in the work of the church, and his life was evidence of the steadfastness and serenity of his faith. He was a public-spirited citizen, a good friend and neighbor, a generous helper to those in need, and a loving husband and father. The home and comfort of his loved ones being his first consideration. His interest in and sympathy for the unfortunate was very marked, and that it was appreciated was shown by many inquiries during his illness by those whom he had befriended. He was a man widely known, greatly loved and highly respected; and several sympathies will be felt for the family and in particular for the wife of more than fifty years, in this bereavement.

The funeral will be held at 3 p. m. today at the home of his daughter, Mrs. Minnie Lunn, 6 Walnut street. The services will be conducted by his pastor, Rev. Dr. Edson J. Farley, and interment will be in the family plot at Glenwood cemetery.

M'KEAN WINS OTESAGA CUP

Is Victorious at Cooperstown Golf Links Saturday—R. W. Clark Wins the Leatherstocking Prize.

S. E. McKean of this city, generally conceded to be the best amateur golfer on the local links, won further laurels last Saturday when in the finals of the annual Otsego County golf tournament he defeated S. P. Emerick of Unadilla five up and four to go. The contest between McKean and Emerick was for the Otesaga cup, and the process of elimination had been going on for two days prior to Saturday. The elimination brought out McKean and Emerick as the winners and they came together for the final Saturday morning in a 25-hole game. The Otsego was in fine form, however, and Mr. McKean therefore will hold the Otesaga cup until next year's contest, when it will be played for again.

In the finals for the Leatherstocking cup, also played Saturday, R. W. Clark of Unadilla beat William McKim of Cooperstown, four up and three to go.

In the 15-hole handicap medal play, S. D. Bowers of Cooperstown won the

prize for low score, Rev. N. W. Wells the prize for low net score, and Robert Kinne the consolation prize.

The tournament at Cooperstown this year was one of the most successful ever held and drew out some skilled players, who were given the opportunity to prove their talent.

300,000 ENGINES A YEAR

Our plant is rapidly nearing completion. Within sixty days all of the buildings which we need at the present time will be erected, and thirty days later all the new and additional equipment which we have purchased, and deliveries of which we are receiving daily, will be installed.

When we have reached that point we have also reached the time when we can start manufacturing JONES OIL ENGINES on a quantity basis. The maximum capacity of the equipment which we will then have in our possession will be 100 ENGINES A DAY.

We do not expect to be able to reach our maximum production in the first month, but we do believe that within a year from that time we shall have produced 300,000 ENGINES at an average selling price of \$250.00 each.

The mere fact that we shall have facilities for turning out a great amount of ENGINES is not nearly as important as the evidences we have on hand that there is a ready market for every single ENGINE which we may be able to manufacture.

Because of the saving of many costly parts, without which other engines cannot operate, and because of the fact that on account of simplicity, fuel saving and other important features, we are enabled to get a better price for our ENGINES than other makes, we expect to show manufacturing profits of an unusually large percentage.

And, because we are not guessing at any of this, we feel justified in predicting a continued rise in the value of the Common Stock of this Corporation.

We have reached the last allotment of our 7 per cent PREFERRED STOCK, with which you may purchased a liberal amount of COMMON STOCK at a price below par value.

THINK OF THE OPPORTUNITY WHICH PRESENTS ITSELF TO YOU RIGHT NOW TO SECURE SOME OF THAT COMMON STOCK?

On or before Sept. 15 there will be a substantial increase in whatever portion of our stock is left for public subscription.

We ask you with all the emphasis at our command to investigate the Securities of this Corporation, which in the eyes of conservative bankers and business men present one of the VERY BEST commercial investments.

You certainly are not averse to MAKING MONEY, and no matter how much or how little you can invest immediately, or on our time payment plan, you should find out RIGHT NOW how big a financial interest you can secure with the funds you have available.

If you will mail us the attached coupon with your name and address properly filled in, we will forward detailed information regarding the affairs of this Corporation, and if you live away from Syracuse you may have additional information secured through your banker in your own community.

Surely a Corporation which displays such confidence deserves your earnest consideration and QUICK ACTION on your part, by sending the coupon IMMEDIATELY, will bring you the same splendid results which decision and determination have brought us.

DON'T PUT THIS MATTER OFF EVEN ONE DAY. SEND THE COUPON AT ONCE

CONDITION NOT AS FAVORABLE.

Unless Other Complications Arise, Surgeons Expect to Probe for Bullet.

While the condition of George Braxton, the Elk Creek murderer, now at the Fox hospital here suffering from wounds sustained when he was shot following his attack upon Guy Hughes, was reported not as encouraging Sunday, yet it is not considered that he has suffered any serious relapse and it is believed that recovery is not improbable.

Dr. Marsh, the attending surgeon, is so well pleased with his general condition that he contemplates operating for the removal of the bullet early the present week unless discouraging symptoms should develop today. The injured man is showing good vitality and it now is deemed quite likely that he will later be brought to trial to answer to the charge of murder in the first degree.

Girl Hit by Ambulance.

While returning from the Fox hospital where it had taken a D. & H. employee suffering from a minor scalp wound on Saturday, the ambulance accidentally hit a little girl named Betty Jane Leland, who is visiting in the city. The child sustained a cut on the inside of the lip and was bruised about the nose and mouth, though none of the injuries are considered of a serious nature. The Star has been unable to learn where the girl is stopping. Dr. Marsh dressed her injuries.

Twilight League Baseball Schedule.

The Y. M. C. A. and Italian Star teams of the Twilight League will come together this evening at Neahwa park. The "Y" boys are now leading the league but if they suffer defeat tonight their standing will be considerably reduced. Both teams will work hard to carry off the honors.

Tuesday the Wanderers will meet the Italian Stars, Wednesday, Reds vs. Nine Spots; Thursday, Wanderers vs. Shops; and Friday, Y. M. C. A. vs. Reds.

Attention, W. R. C. Members.

Members of the Women's Relief corps are invited to attend a social and picnic dinner at the home of Mrs. Mariette at Colliers on Wednesday, August 25. Members will take the bus leaving the post office at 8:35 a. m. or the D. & H. train at 9:30 standard time. All are asked to take sandwiches and something else. An extra trip of the bus will be made to bring the members home.

TWO HOME GAMES THIS WEEK.

Baseballs Being Stolen from the Team Causing Considerable Loss.
There will be but two games at home this week by the Oneonta Cubs. On Tuesday the Stamford team will play the Cubs at Neahwa park and on Wednesday the Millford team will play here.

On Monday and Thursday the Cubs will play at Stamford; on Friday they journey over the hills to play Walton and on Saturday they go to Groton to play the fast Groton nine, and on Sunday next the Cubs will play the fast K. of C. team at Schenectady.

The management has just cause for complaint relative to the number of balls lost in each game and asks the co-operation of all patrons of the game and of all parents that boys be not allowed to retain any balls not positively known that they secured them honestly. The club has been furnishing 12 new balls for each game and after each game only four or five of the balls can be accounted for.

It has been ascertained that certain boys have been securing and secreting them until after the game and then keeping them for use or selling them if possible. It would seem that boys who are allowed to see games without charge should not suffer any of the balls. In view of the fact also that the club is today over \$1,000 poorer for the season that all who enjoy the national game should unite in helping to save all of the balls that go without bounds and seeing that they are returned to play. Manager Weldman declares that if the practice of stealing balls is not stopped that further investigations may result in prosecutions.

RAINBRIDGE BAND HERE.

Music Keenly Enjoyed, Especially the Baritone Solos by Mr. Payne.

The Rainbridge band, under the capable direction of Fred Hamlin, visited Oneonta Saturday evening and gave a concert at the corner of Main street and Ford avenue, which was given complimentary to the Daily Star and its editor, the latter having been a resident of Rainbridge as a boy.

One of the largest crowds ever gathered in the city to hear open air concerts, the crowd coming near blocking traffic on the two streets in the vicinity, gathered to hear and in large part remained throughout the program which was rendered substantially as printed in The Star of Friday. The music evidenced careful instruction on the part of Mr. Hamlin and it is surprising that in a village of the size of Rainbridge where musicians must be developed from the young men residents, that so creditable a musical organization can be maintained, with so little opportunity to rehearse as is given where men are regularly employed at other vocations.

While the marches, waltzes and overtures rendered by the band of 22 pieces were meritorious, especial mention is merited of the baritone solo number rendered by Frank B. Payne, who is doubtless without a rival in this section. His number, "My Old Kentucky Home," received such generous applause that he resorted with another popular melody which also was as finely rendered and as keenly enjoyed as the first.

The band members are to be commended for their generosity in giving these evening concerts in adjoining places and all who heard the one of Saturday evening will certainly unite with The Star in an expression of appreciation for the visit to this city.

C. M. Withoft at Lutheran Church.

The pulpit of the Lutheran church of the Atoneement was occupied by C. M. Withoft of this city on Sunday morning. Mr. Withoft, who is a student of theology at Hartwick seminary, preached an excellent sermon on "The Christian's Charge," taking the words found in II Timothy: "That good thing which has been committed unto thee, keep through the Holy Ghost, which has been given to us."

Rev. P. M. Luther, pastor of the church, leaves tomorrow for Hartwick Seminary, where he will attend the conference beginning there today. Next week he will spend in Schoharie county, returning to his pastoral work with the first Sunday in September.

THE SUGAR SITUATION

Local Wholesale Firm Reviews Present Situation and Explains Why No Expectations of Further Drop in Prices May be Anticipated.

Conditions in the sugar market have developed into an unusual and rather an unfortunate situation, and while the action of a single refiner in reducing the price has been widely published, there seems to be no chance of such lower price becoming effective in the near future, as is fully explained by the following statement issued by one of the prominent wholesale firms.

"During the past three years, by virtue of government restrictions, all refiners, jobbers and retail dealers have been obliged to pay cash and handle sugar at barely cost in order to protect the consumers. The government would not permit speculation in buying and selling. It made no provisions for protecting dealers against losses caused by declining markets, etc., therefore, dealers who have invested their money, working hard to support the government and taken all the chances, can not advance their prices.

"Nearly all dealers have stocks on hand that cost more than present selling prices, and as much as they were not protected against declining markets, should they follow them from day to day they would pay serious losses. While one New York refiner has cut his price, all the others who are offering sugar are firm at 22 to 23 cents per pound f. o. b. New York for August, September and October shipment. Two other New York refiners have sold their output at 24 cents and will take no additional orders.

"Nearly all jobbers, if not all, throughout the state have purchased their full supply at from 23 to 24 cents f. o. b. New York. They are unable to purchase more from any refiners at any price because of the large amount of high priced sugars that are still due to arrive from the refiners. There are many hundreds of cars yet to leave the refineries for various jobbers at prices ranging from 22 to 26 cents. Based on these conditions, jobbers and retailers are unable to reduce their selling prices for many weeks to come.

"Much of the foreign sugar that was consigned to the United States has been diverted to other countries, thereby reducing the surplus that otherwise would largely increase stocks that are already here. The Cuban planters and exporters who control 90 to 95 per cent of all the 1919 crop of raw sugar now in Cuba, have formed a syndicate and placed it all in the hands of a committee which claims that they have fixed their prices at 24 cents for raw and that they will hold the same until they get the price. They, and some of the refiners who are largely interested in Cuba, claim that owing to the fact that the crop of raw is short of preceding years, sugar is bound to advance materially in September and October. The planters do not as a rule commence grinding new crop until late in November, and that no relief from that source can be expected until about the 1st of December.

"The cause of the present decline in both raw and refined came from large importations of foreign sugar, which is now in the hands of refiners and jobbers, and from lack of confidence in the market caused by dealers who were unable to obtain sufficient supplies last year over buying this year. Therefore, it is thought by those who are in a position to know the facts, that within a short time present stock will be consumed and that there will be a sharp reaction in the market.

Dr. Russell Stung Up.

B. C. Lauren received on Saturday a letter stating that Rev. Dr. J. C. Russell was continuing to improve and that he was able to sit up at the time of writing and was looking forward to being able to return to his home in Oneonta on Wednesday of this week all of which is learned with satisfaction here.

Prof. Lynch Moves to 75 Elm Street.

Prof. William H. Lynch of the Normal faculty, who recently purchased of Mrs. Mary L. Harrington the first residence at 75 Elm street, moved there last week from his former home at 41 Ford avenue. The latter house has been purchased by Edw. W. Perrault, formerly of 3 Oak street who has taken possession.

Notice to Property Owners.

Notice is hereby given to owners of occupants of land located in the town of Oneonta, Otsego county, N. Y., that it shall be the duty of such owners of land or occupants situated along the highway to cut and remove all noxious weeds or brush growing within the bounds of such highway fronting such lands during the month of Aug., 1920, according to section 574 of the consolidated highway laws, and if such owners or occupants fail to remove such weeds or brush the town superintendent of the town in which such lands are located shall cause the same to be done and expenses incurred shall be charged against such owners or occupants and listed and collected as provided in sec. 55, dated Aug. 29, 1920. Signed—Charles E. Thompson, Superintendent of Highways, Town of Oneonta.

SHOT TO FRIGHTEN ONLY.

So Declares Michael McHugh and Case Is Adjourned Indefinitely.

On Saturday morning, when Michael McHugh was brought before Judge Huntington on the charge of assault in the second degree, it being charged that he had fired a rifle at two young boys residing in the vicinity of his home Saturday at about noon, the accused stated that he had not fired at the youngsters with the intent of injuring them, but had rather done it to frighten them.

The complainants had no desire to appear to be persecuting the unfortunate man, now 18 years of age, seeking only to assure the safety of their little ones at play about the premises. The cross examination of the witnesses revealed no new features of the case as outlined in The Star of Saturday.

The court decided to adjourn the case indefinitely, with the understanding that McHugh should have no firearms in his possession at any time and that he should do nothing to warrant calling him in court to answer further to the charge made against him. He was hereupon released and permitted to return to his home.

District Attorney Pierson was represented in the proceedings by Hon. George L. Boakes and John G. Johnson appeared for McHugh.

TODAY IS THE DAY.

Big Time at Goodyear Lake Field Day Is Assured.

The first Field Day of the Goodyear Lake association will be held today at the lake, starting at 10 o'clock in the morning and continuing throughout the afternoon and evening. An interesting program has been arranged for the day, consisting of numerous athletic events on land and water, a dinner in the grove at Cliffside at 6:00 and an evening display of fair boats, illuminated boats, and a huge bonfire on the point near C. E. Carrington's camp. All property along the lake will be decorated and the grove at Cliffside will be draped with American flags.

All campers, property owners and others who are interested in the lake are cordially invited to be present and enjoy a day replete with amusement and good times.

Herriett Says:

Take real good gum, chew it all you way with the perfectly good water, boil it, ice it, make cold tea with it, wash your feet in it, and the flavor lasts. Same way with Hart Schaffner & Marx clothes. Wear 'em all you want to, and they last. That's why it's economy to buy these good clothes. The new suits for fall now ready.

ONEONTA ELK PASSES AWAY

William C. Cole, Well Known Resident of Franklin and Assistant Postmaster There, Passes Away Saturday Evening Following Operation for Appendicitis.

Franklin, Aug. 22. — William C. Cole, assistant postmaster here and one of our best known residents, long prominent in Masonic circles, died at his home with son, Elmer Cole, Saturday evening, aged 61 years, following an operation for the relief of appendicitis he underwent on Thursday evening. The operation was performed by Dr. G. H. Brinkman of Oneonta assisted by Dr. Wm. of Franklin and Dr. White of Unadilla. It was found that peritonitis had developed before the operation was attempted and it was feared that he would not survive.

The deceased was the son of Charles Cole and he married Marcia Bartlett, also of Franklin, 29 years ago. Since her death three years ago, he has resided with the son named, Elmer, also by one sister, Mrs. Ada Westcott, of Franklin, and by one brother, Edwin Cole, of Masonville.

Mr. Cole was a member of the Congregational church of this village, of Franklin lodge, No. 562, F. & A. M., of which he was a past master, of Oneonta lodge, B. P. O. E., and of Outpost chapter, Order Eastern Star, of which latter organization he and his wife were charter members and in the organization of which they were largely instrumental. He was past patron of that chapter for five years and his wife was the worthy matron at the time of her death. He was also a past district deputy grand lecturer of the Eastern Star. He had served for years as secretary of the Franklin Fire Insurance company. In all his association with his fellows he enjoyed their confidence and respect to the fullest degree and all regret to learn of his death.

The funeral services will be held on Wednesday at 2 p. m. from the residence of the son, Elmer Cole, Rev. A. H. Lindsey, his pastor, will officiate and interment will be made in the Outpost Valley cemetery, where the services will be in charge of the Masonic lodge. The Eastern Star and Elks are invited to attend.

DEATHS.

Mrs. M. E. Wilder.

Intelligence has been received in Oneonta of the death Sunday morning at her home in Fairport of Mrs. M. E. Wilder, formerly a resident of this city and mother of L. E. Wilder of the firm of M. E. Wilder & Son. She had been in poor health for a long time and both Mr. and Mrs. L. E. Wilder had been in Fairport for the week because of her critical condition.

The funeral is to be held at Fairport Tuesday afternoon at 2 o'clock. The body will be brought to Oneonta on Wednesday, arriving at 6:40 p. m. and immediately following the arrival there will be a short prayer service at the grave in the family plot at Glenwood cemetery, conducted by Rev. J. C. Johnson of the Elm Park church.

Mrs. William Nelson.

The many friends of Mrs. William Nelson will be grieved to hear of her sudden death at Pittsfield, Mass., Saturday, at 11 a. m. Mrs. Nelson had been poorly for several months from throat trouble; her only sister, Mrs. Beulah Hart, of the above mentioned city, was very anxious for her to come there to see if the change would not be beneficial. For ten days after she was rested from the journey she seemed to gain and her letters home were to that effect and cheerful. On Tuesday, August 20, she was taken very much worse and a physician was called immediately. He found her in very bad condition and she was at once removed to the hospital, where she could have the best of skilled physicians and nurses. She responded to treatment for a time, but it was discovered she had a tumor, but it was discovered she had a goitre of the worst type and an operation was the only chance for her recovery. She was operated on at 11 o'clock Saturday, August 21, and did not regain consciousness. Her death is a great shock to her many friends, who will extend heartfelt sympathy to the bereaved ones, especially the heart-broken husband, who in the last was operated on for removal of cataract from his eye and is in a pitiable condition.

Mrs. Nelson leaves beside the husband and sister mentioned, one brother of Philadelphia, Pa., and a daughter, Mrs. Hazel K. Pratt of this city, residing at home. The funeral will be Tuesday, at 3 p. m., with burial in the family plot at Melville, Columbia county.

To Rent—Billiard room and bowling alley. Inquire Oneonta hotel.

---Make It a Sandwich Luncheon

The bigger the business man, the more important it is that his brain stays cool and clear for important decisions of the afternoon. You will be helping immeasurably your business fitness by making a simple, satisfying lunch of a glass of buttermilk and two tempting sandwiches—assuring highest nutrition plus deliciousness.

If you have your sandwiches made at home, ask for these tomorrow:

Egg and Olive Sandwiches

Chop two hard-boiled eggs fine, add twelve large stuffed olives which have been minced, season with mayonnaise. Spread between buttered slices.

Pimento and Cream Cheese

Chop two pimentos fine and add to cream cheese. Season and mix well, moistening with mayonnaise. A pleasing variety is given by using white bread for one-half of the sandwich and whole wheat bread for the other.

And of course Bread must be the foundation.

ELIGIBLE TO SCHOLARSHIPS

The Five with Highest Standings Who Apply Will Receive \$100 for Four Years for College Course — Miss Ruth Volander of Oneonta Attains Highest Rank in County.

The State Education department has just completed its compilation of the lists of persons in New York state eligible for university scholarships in 1932. The entire list contains approximately 10,000 names.

Under the law each county is entitled to five times as many scholarships as there are assembly districts in the county. Such scholarships entitle the holder to \$100 a year for four years while pursuing an approved college course in this state.

Appointments to scholarships in each county are made from these eligible lists, in the order of standing.

The candidate who received the highest rating in the state is Cutler DeL. West, of Glens Falls, whose standing is 96.56.

The eligible list for Otsego county follows:

Ruth E. Volander, 96.39 per cent, Otsego High School.

George L. Nesbit, 92.37 per cent, Schenectady.

Constance U. Cooke, 87.50 per cent, Cooperstown.

Vera A. Baker, 85.15 per cent, Oneonta.

Aleene E. Alderson, 80.88 per cent, Sidney.

Janice C. Neal, 80.49 per cent, Oneonta.

Julia M. Morey, 80.43 per cent, Oneonta.

Arthur VanNort, 76.54 per cent, Cooperstown.

John F. Brady, 75.27 per cent, Cooperstown.

Terry Family Reunion

The thirteenth annual reunion of the Terry family was held Saturday, August 21, in the pavilion at Neahwa park. Twenty-eight were present. After partaking of a bountiful dinner, the business meeting was held and the following officers were elected: William Hilborn, of Oneonta, president; George Terry, of Otsego, vice president; Harry Terry, of Otsego, assistant vice president; and Ella G. Beinfeld as secretary and treasurer. Mrs. Hilborn was voted to act as hostess next year with Mrs. J. E. Scott of Oneonta and Mrs. Charles Flint of Otsego as assistants.

To be present were from Otsego, Franklin, Leonard, Maryland, Treadwell, West, Korrington and Harpersfield.

The next reunion will be held at Neahwa park at the same date next year.

Attorney Hit by Motor Car

Thomas Morin of Afton was brought to the Fox Memorial hospital in this city Saturday, suffering from torn ligaments and other injuries to a knee sustained when he was hit by a passing motor car near that village while on his way to his work at about 7 o'clock Saturday morning. He is being attended by Dr. Marsh, and it is expected that no serious results will follow his injuries. The name of the motorist hitting him could not be learned, it being understood that he made an effort to get away and that only his number was obtained.

A Family Gathering

Mr. and Mrs. Leslie Gardner had the pleasure of entertaining a goodly number of the members of the Ives family—immediate relatives of Mrs. Gardner—at their home on Walnut street yesterday. Those present included Mr. and Mrs. W. D. Ives and family of Albany; Mr. and Mrs. Zephaniah Ives, Harrison Ives, and Mr. and Mrs. Philomena Ives of Worcester; and Mr. and Mrs. Orlando Ives of Jefferson.

DAVENPORT MAN ENDS LIFE

Eugene Stoutenburg Commits Suicide by Drinking Poison—Funeral Tomorrow.

Davenport, Aug. 22.—G. Eugene Stoutenburg, for most of his life a resident of Davenport and vicinity, committed suicide at his farm one and one-half miles from here Saturday evening. Late yesterday afternoon, Stoutenburg sent word to his son, Monte, who runs a farm about a mile away, asking him to come to his father's home that evening. When the son arrived at about 7 o'clock he found his father unconscious in the house and Dr. Crag of this village was summoned, but by the time he had reached the Stoutenburg place the man was dead. The man evidently ended his life by drinking poison, probably strychnine, as an empty phial was found near him. The label had been torn from the bottle, but the physician did not doubt that death had been caused by poisoning.

Since the death ten years ago of Stoutenburg's wife, he had engaged a woman as housekeeper, and the two were the sole occupants of the farm. State and county authorities have recently been investigating Stoutenburg's alleged relations with the woman and it is believed that this preyed on the man's mind, causing him to commit suicide. He left a note addressed to a Delhi lawyer relative to financial matters.

Funeral services for Stoutenburg, who was a man 55 years of age, will be held Tuesday morning at 11 o'clock from the late home, with burial in the Davenport cemetery. He is survived by the son mentioned and by one daughter, Mrs. Arthur Smith, who lives at Hemlocks, near Oneonta. Mr. Stoutenburg had conducted his farm here for many years and was well known about this section.

Variety Shower Given Miss Morse

Fourteen girl friends of Miss Edna F. Morse, who on next Saturday becomes the bride of Walter G. H. Ryan of Natick, N. J., gave her a variety shower Saturday afternoon at the home of Mrs. Harold Smith on Ford avenue. The social function proved to be an enjoyable one and the afternoon passed very pleasantly, refreshments being served. Miss Morse was the recipient of many beautiful gifts from her friends.

Those present at the shower were Miss Gertrude Colton, Miss Hazel Palmer, Miss Helen Herrieff, Miss Robert Gardner, Miss Mary Sherrin, Miss Betty Austin, Mrs. Harold Smith, Miss Mildred Forst, Miss Blanche Rowe, Mrs. Earle Fellows, Miss Marie Saxton, Miss Margaret Dunsmore, Miss Eva Brandow and Miss Margaret Gurey.

Fractures Leg Saturday

Mrs. William Caldwell of New Haven, Connecticut, who with her daughter is visiting at the home of Charles Smith of 25 Pine street, had the misfortune Saturday afternoon to fall down stairs and break a leg close to the ankle. Dr. W. S. Dart was called to attend her and he found that both bones were fractured, making the accident very serious. Mrs. Caldwell is remembered in this locality as the widow of William Caldwell, a former resident of Kortright.

Speeding Motorist Fined

Saturday Officer Simmons apprehended a tourist who gave the name of Harold Kittinger speeding along through the city at an excessive rate and halted him before Judge Huntington, who collected \$10 for the offense.

For Sale—Ford touring car in A-1 condition, newly overhauled. Apply Prospect garage.
